

APPENDIX 3
TELECOMMUNICATIONS STANDARDS

- The University of Colorado Telecommunications Department (Tel-Com) should be consulted at each stage of the design process. Tel-Com publishes a Telecommunications Standards that is considered to be part of the UCB Standards.
- It is the responsibility of the Consultant to ensure that the Tel-Com Communications Guideline is followed throughout the project.
- Questions concerning the Telecommunications Standards should be referred to the Telecommunications Department.
- The Telecommunications Standards is made a part of these standards by reference and can be obtained directly from the Tel-Com Department.
